

MODULE 2: BASELINE ASSESSMENT

Session 11: Meru Lowland Wrap Up

Summary

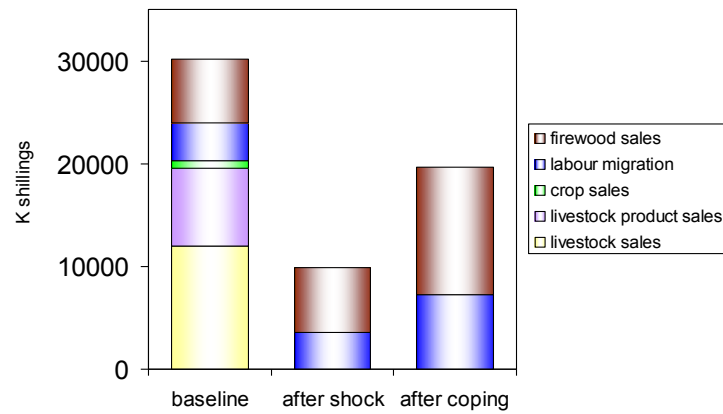

Food

Session 11: Meru Lowland Exercise

Summary

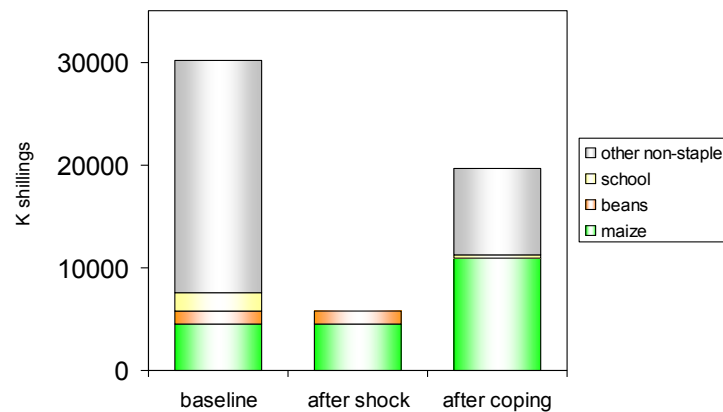

Income

Session 11: Meru Lowland Exercise

Summary

Expenditure

Session 11: Meru Lowland Exercise

Objectives of this exercise

- To demonstrate the three 'pillars' of the baseline (food, income and expenditure)
- To show how things have to add up

Session 11: Meru Lowland Exercise

Objectives of this exercise

- To actively introduce some of the cross checks and reconciling procedures used in HEA
- To remind us that this quantified baseline information is being collected for a reason: to determine the effects of a hazard on households' ability to meet their needs

Session 11: Meru Lowland Exercise
